

The Beachcomber

HMC Newsletter

July 2007

<http://www.herronisland.org>
President's Message

The second part of the HMC Management's Annual Meeting was held July 14th for the counting of the ballots for the next fiscal year budget. The budget presented at the first part of the annual meeting and in the Beachcomber was passed 100 for and 11 against. Nobody likes to see the assessments going up but with rising costs it is necessary to keep the island in good shape. The committee looking into the water distribution system options held a meeting right after the close of the Annual Meeting and are hard at work putting together the options to be presented to the entire membership later this year. There are many volunteers working hard to identify the best options for this needed upgrade. They deserve our collective thanks.

During the regular board meeting several items came up for discussion. First, there is a definite need for all members to be considerate of their neighbors and the community as a whole. Rules have been established to provide for island resources to be available to all members. Rules for the dock usage, rules limiting trailers at Northbeach, and rules requiring trash to be removed from the parks are for the benefit of all the members. HMC and park committee members should not have to be police and sanitation workers. Please, out of consideration for your neighbors, follow the rules.

Another area of real concern was the vandalism over the fourth of July weekend at the community garden. Twice the garden was vandalized for some unknown reason (if any). If this was the action of guests on the island (there is no evidence that it was other than the fact it happened with a lot of guests on the Island), it is incumbent that members make their guests aware of the island rules and encourage proper behavior. Out of consideration of your neighbors, noise, speed limits, smoke, and other annoyances should also be limited for the good of all. Also it should be noted that the County wide burn ban is on that

limits fires to those in properly constructed fire pits or barbeques. Making sure the fires are well controlled and not impacting your neighbors with smoke is extremely important this time of the year when the Island is quite dry.

Fred Fath
President

Ferry Out of Service

The ferry will be out of service from the evening of Sunday, September 16th until sometime on Saturday, September 22nd for engine rebuilding.

Thank you

Recently I was seriously ill following surgery and spent 2 ½ weeks in the hospital. I want to thank everyone who sent their good wishes and prayers to me at the hospital and after I got home. The visits and wonderful food were very much appreciated. I am now on the road to recovery. Thank you all.

Kathy Deuster

Burn Ban in Effect

A county-wide burn ban has been declared and will probably remain in effect until sometime in October. Check the island web site for details.

Delinquency List as of July 19, 2007

ASHE - AUTRY - FLADAGER - FLETCHER - FORD/
 WRIGHT - O'NEILL - OVERLAND (Estate of) - RIKER -
 RUCKS - SMITH, E. - TITZLER - VOGEL, T. - WIL-
 LEMS - ZUMAYA

Ferry Business

- **Call ahead if you are planning to use the ferry for a trailer, boat, or large vehicle!**
- **Only those guests with valid passes will be allowed on the ferry.**
- **Plan your arrival at the dock at least 5 minutes before the scheduled time of departure.**
- **Walks-ons are not to be on the dock or ramp when cars are being loaded. Watch crew for permission to board.**
- **Only service and delivery people may charge fares.**

WE HAVE EXPERIENCED GUESTS AND SERVICE PEOPLE EXPECTING TO COME OVER TO THE ISLAND WITHOUT GUEST PASSES. THIS VIOLATES THE ACCESS POLICY THAT WAS PUT IN PLACE FOR ALL OF OUR SECURITY. PLEASE MAKE SURE YOUR GUEST HAS A VALID GUEST PASS SIGNED BY YOU TO ENSURE THEY ARE ABLE TO RIDE THE FERRY. PROVIDING GUEST PASSES IS NOT PART OF THE DECKHAND'S JOB.

Beachcomber news items must be submitted by 5:00 PM on the Wednesday after the monthly Board meeting on the second Saturday of the month. Items **MUST** be emailed in electronic format to beachcomber@herronisland.org. Include your name and phone number in case any questions arise. Paid advertisements are to be arranged with the HMC office **PRIOR TO PUBLICATION.**

Online Beachcomber

If you wish to read your Beachcomber online at www.herronisland.org and save HMC the price of paper and postage, please notify the office.

**HMC Management
Board Meeting Summary
July 14, 2007**

Administration

- The Board decided to mail only one Beachcomber to each owner address. Renters at the same address can pick up a copy at the office, if they so desire.
- The Board decided to investigate whether to allow the semi-annual assessment amounts to be paid with a credit card.
- The Board decided to allow HMC's accountant to access Quickbooks remotely using "Go To My PC" or some other appropriate, secure method.
- The Board decided against a proposal by the Pierce County Noxious Weed Board to consolidate all tansy control on the island through HMC.

Information

- Linda Moren will work on getting new window blinds for the Community Building.

Legal

- Pierce County has sent a new License Agreement for the mainland ferry terminal (the County owns the land underneath it). This has been forwarded to our attorney for review.

Land Use

- The Board agreed to entertain a request from Tim Jones to have HMC rent to him or otherwise make available to him a portion of the HMC lot adjacent to the north side of his property. The recent survey revealed that the property line is not where it had been thought to be.
- Dick Pugh proposed that he be allowed to build a fence adjacent to his property and to the "Pugh Area" along and on East Herron Boulevard. The Board took it under consideration pending additional information to be obtained.

Transportation

- Generator wiring is underway at three locations, including the Community Building.
- The Board agreed to reimburse the new part-time captain \$500 toward the tuition for the licensing class from which he recently graduated.
- A sign next to the island ferry terminal pointing the way to the beach steps has been requested by a nearby owner.
- Bottled water is being provided to the ferry crew per Board approval.

Water

- HMC recently completed a legally-mandated test for volatile organic chemicals in the water supply. Over 50 chemicals are tested for, and all were non-detectable.

Roads

- Dick Mowry installed a new culvert along the north side of Ferry Street and new asphalt along the south side.

**Herron Island Emergency Preparedness Group Report
July 14, 2007**

BE ON THE SIDE OF CAUTION CONCERNING A RECREATIONAL FIRE!! The burn status will be posted on the Community Building and on signs around the island.

Fire danger on Herron Island is a constant concern for everyone. A recreational fire is not worth losing our homes and possible a life.

We had our annual drill prepared by the **Pierce County Neighborhood Emergency Team** leaders. It was a **fire evacuation exercise**. We immediately recognized a huge hole in our inability to contact everyone on the island. We are investigating the purchase of an air raid siren to mount on the top of the Community Hall. Until then it was decided to drive the island with the car horn blowing. This is to alert everyone that an event is occurring. Should the island be divided, such as a fire in the center area, cars would do what they could before evacuating to the beach.

Another valuable suggestion was to have an emergency kit with meds, medical, bank, credit card and any pertinent information. This kit would be completely separate from the emergency meds, food, water, clothing and pet kit we have been advocating.

Chief West, at FD 16, reiterated that if a fire were to start at the south end of Herron Island and we had our normal southwesterly wind, the island would burn in about 35 minutes. Know the quickest route to the beach from where you live. In an emergency you are allowed to use any path or stairs available on private property.

Carole Crowley, Chairperson

FREE CLASSIFIED ADS

For sale by Owner: 2 Bedrooms, 1 bath, sunken living room, dining room, den and kitchen located near Goodpastor Park with partial view of Case Inlet and the Olympic Mountains. All new appliances included. Price: \$179,250. Serious inquiries only please at 253-884-5395.

Baseball games

Hot dogs, chips, soda/water

Sailboat Race

Evening dance with music by Tom Tighe

Sunday, September 4th

No chairperson stepped forward so no Sunday activities are planned at this time.

Road Report for the July 2007 Monthly Membership Meeting

Dick Mowry has the roads in great shape. They will be even better when the barge load of gravel is received in September and distributed. The work on Ferry St on both sides, done by Dick and Nick, certainly enhances access, egress, and overall appearance of that area and they should be commended for doing such excellent work.

The road watering program has been troubled with getting the new pump system operating correctly. Many of the problems of filling the truck have been resolved by eliminating what turned out to be restrictions in the 2" suction line. A few minute leaks have allowed air to get into the suction line, which also upset flow into the pump, but these are being detected and dealt with as they are discovered. Our thanks go to those folks who have contributed their time and energy and material to get this system going. This would include Sam Argo, Dick Zottman, Ed Hovde, John Farris, Dick Mowry, Jack Wells, and others who have worked on the plumbing, truck, and have volunteered to drive the truck for our mutual benefit. If you would like to drive the truck, please check with Doug Allen at the office to go over the procedure.

Another item concerning the roads has to do with "where they are". Herron Island roads were platted at 50' wide, with a couple of exceptions which I will mention later. Only a portion of this platted area is used as a driving surface, and there is no consistency as to where in this width the driving surface is. This has raised some issues with members who may not be familiar with this fact. What is needed to determine where this platted area is next to your property is to determine where your lot corners are. The best way to do this would be to have a professional survey done, if existing corners are not found. Another way to make a judgment is to know where your water shutoff valve is that comes off the lateral line of HMC's water line to your property. This is about where the lot line is, but like most everything else on Herron Island, there are going to be exceptions. The power line poles are another source of getting an approximate fix on your property line. Again, it would be a guideline to the property line, not a certifiable fact. *The reason to bring this up now is to caution members about developing or working on that area of their lot, thinking that the edge of the road we drive on defines their property line. It does not.* As we work toward defining the new water system upgrade, we must be mindful of the fact the layout of the new line will be in the road easement. As the engineering begins, the layout will include

not only the water line but the power lines, which will be undergrounded at the same time. As much as possible, the trenching will be done to minimize the impact on our existing driving surfaces, but will be within the road platted area. We will want to be able to minimize the impact of that work in terms of disturbing fences, trees, plants, etc, but cannot allow encroachment on the platted roadway. The exceptions to the 50' right-of-way are Ferry Street, which is platted at 60', the East Herron Blvd one way portion, which wanders hither, thither, and yon (the platted area is quite variable) and the cul-de-sacs at the ends of West Herron Place and Madrona Blvd. These cul-de-sacs are platted with a radius of 40' (80' diameter) and are poorly defined by the road surfaces we use. These will have to be surveyed at some future date to establish the true boundaries.

Respectfully submitted,
Allen Moren, Road Chairman

Parks Committee Meeting

August 11th at 9 am at the Community Center/
Fire Hall. See you there.

Friendly Reminders!

Some members/guests have had friendly reminders packets placed on their boats and/or boat trailers regarding possible rule violations. Last season there was a letter submitted and signed by nearly 40 members asking the issue of improper use of the docks and N. Beach area be addressed. The Board asked the Parks Committee to review the rules and make recommended changes and find a way to address problems. As a result, this spring the rules were updated. In an effort to bring greater compliance, we are placing the reminders when we see rule violations or possible violations.

Please take time to get familiar with and follow the rules. New Herron Island Rules booklets are available at the office during posted office hours. Please drop by and pick up yours. Thanks.

COMMUNITY GARDEN VANDALIZED TWICE

It is sad to report the Community Garden was vandalized over the 4th of July weekend. On the first break-in, plants were pulled out, broken in half or cut. Rocks were tossed from the walkways into various gardens. All string dividers were cut and the beautiful wood archway was demolished. We locked the garden so the second break-in was to inform us a key would not keep the perpetrator (s) out. The fence was cut and again plants were pulled out and thrown about. These were deliberate acts of vandalism which have caused heartaches to all the gardeners. We are offering a reward to anyone who has information that can result in apprehending the guilty person (s).

Please call the HMC office at 253.884.9350

Dana Gruber

BOOSTER PHONE BOOK UPDATES COMING SOON

Please take a moment to check your free, voluntary listing in the 2006 Boosters Directory. Also check the update sheet, if you have one.

DEADLINE FOR SUBMISSION: August 10, 2007

Herron Island knows how to celebrate the 4th. We had activities and events for all ages. So many owners and guests had FUN, FUN, FUN! It takes a village of Herron Islanders to make it possible. Thank you!!!

Baseball Game

	East	West
Adult	8	3
Junior	5	9

Fun Run

We had 31 participants

**Water Regatta Winners
Sailboat Race (boats entered)**

Monohull	Time
1. Michel Sotura/Dave Monette	2:45
2. Mike Shettlesworth/Richard Urfer	3:20

Paul & Curt Bray were disqualified for paddling

Multihull

No participants

FOR CLARIFICATION: The start and finish point is the line of sight between N. Beach flag pole and the outboard end of the mainland ferry dock.

Blindman Dinghy Race

1. Benjy Pugh/Shannon Ware
2. Nicky Ngo/Nina Pham

Kayak Race

No participants

Start/finish line is due east of N. Beach flag pole.

Thanks to Neil and Paula Richardson for the 3 cases of Mountain Mist Water, Reed and Laurie West for donating the cost of the winner's medals and Ted Jensen for heading up the race.

The PARADE was GREAT!! Thanks to everyone who participated and all who watched and cheered them.

Volunteer – Join the Boosters.

The next Booster meeting/potluck will be August 10th at 6 p.m.

The Boosters will have elections for new officers in September.

Great people and great food. Join the fun! Get involved! It takes a lot of people behind the scenes to make these events happen. It will be a great chance to share your ideas for the betterment of the island. Once again thanks to all who gave of their time!!

SAVE THE DATE!! AUGUST 18TH – 6:00PM - DINNER - LIVE MUSIC- AUCTION

Price: \$15 at the door or buy your ticket before the event and save \$3.00.

RULES COMMITTEE REMINDERS

The Rules Committee reminds you that Herron Island, like any other community, has rules that members and their guests must follow.

Here are a few of the biggest problems we see.

Violation	Description	Fine for First Time Offense
Speeding	The 15 mile per hour speed limit helps prevent accidents, injuries, and dust. The speed limit applies to golf carts, motorcycles, and even bicycles – not just to cars and trucks. Please take your time and enjoy our beautiful island.	\$500.00
Boats and Trailers	The 24-hour rule for the boat dock and the rule against parking boat trailers at the North Beach help ensure that everyone can share these limited resources.	\$500.00
Loose Dogs	Dogs must be on a leash and must not be permitted to run loose on HMC island roadways or common areas. Herron Island is not a dog park. Help protect children, wildlife, and other pets	\$500.00
Fires and fireworks	On a hot day with the right wind conditions, all of Herron Island could burn within only 35 minutes. Before and after July 4 this year, there were numerous violations of the fireworks and curfew rules.	\$500 - \$1,000
<p>The Rules Committee resolves complaints filed by members and it works on updating and improving the rules. The Committee does not function as a police force. Put another way, it acts like a quasi-judicial body, hearing and deciding on matters brought to it, but has no authority to put tickets on windshields. This year to date the Committee has received and acted upon four complaints.</p>		
<p>Interested in joining the Rules Committee? Please contact Merry Kogut, Chair, at 253.884.8484 or mkogut@lawyer.com</p>		

A Country Western Hoedown Dinner and Auction!

Saturday, August 18, 2007
Fire Station/Community Center

Dinner

Dinner catered by: *Taste of the Town Catering*

Tickets: Presale \$12 per person
\$15 per person at the door

This is our first try at having our dinner catered, it is important to pre-buy your ticket to help us with a headcount. Tickets may be purchased at the HMC office or by calling Carla Vierra or Judy Grienke (see phone number listed at bottom of page)

6 p.m.

Menu

Country Ribs
Potato Salad
Corn Bread and Honey Butter
Cole Slaw
Strawberry Cake
Watermelon

Live Music from Island Residents!

After the food is paid for, all the proceeds go to improvement projects on the island.

Auction

4 p.m.—6 p.m.	preview auction items
6 p.m.	catered dinner
7 p.m.	close silent auction table #1
7:15 p.m.	close silent auction table #2
7:30 p.m.	close silent auction table #3
7:45 p.m.	start live auction
End of Event	Taps played by George Newcomb

Don't miss your chance to bid on these fabulous items!

- **Cute New Yellow Moped!**
- **Beautiful Gold Leaf Mirror!**
- **Queen-size headboard and footboard sleigh bed!**
- **A Hawaiian Luau for 10 people**
- **Authentic Vietnamese dinner**

...and so much more!

Auction Donations Wanted—Deadline: August 11th

The Boosters are seeking donations of items for the auction.

- Do you have something that might drive the bidding through the roof?
- If you have a business, do you have goods or services that you can donate?
- Is there a rare object of art in your attic just gathering dust?
- Gift certificates are great
- ***Please no flea market rejects.***

Donation items can be delivered to Kathy Deuster's house. If you plan to donate a certificate for goods or a service, you can call in the details to Carla or Judy and the Boosters will prepare the certificate for you.

Auction Decorations and Picnic Tables Needed

If you have any old cowboy boots, hats, scarves or mason jars that you could donate for decorations or if you have a picnic table that we could borrow - Please contact Carla or Judy.

Contacts: Carla Vierra at 206 633 2822 or Judy Grienke at 253 677 7687

ODDS AND ENDS

Fire is a big danger for Herron Island. The current BURN BAN permits the use of charcoal grills, gas grills and the fire pit at North Beach. There is a water hose close to the North Beach pit. **DO NOT LEAVE THE NORTH BEACH FIRE PIT WITHOUT SOAKING THE FIRE.**

Stickers for your boat trailers and boats are available **FREE** at the island office. Get them in person or by mail.

If you leave your boat on the small boat dock per the regulation, please leave your name and phone number on your boat. If anything were to unexpectedly happen to your boat, it would be easy for someone to notify you. It is easy to put the info in a zip lock bag and attach it to your boat.

Do not water the road with island water in front of your house. The salt water puts a crust on the road to help with the dust. When you water the road, you destroy that crust.

If you own a lot that does not perk, it may be possible to get your property taxes reduced. It might be worthwhile to look into it with Pierce County.

DO NOT park on the road sides; they are for traffic. Emergency vehicles must be able to get through. The water truck must be able to turn around in the cul-de-sacs. Please be aware that parking on the roads is a violation of Herron Island rules (C-6, Class C, \$100 fine).

24 Hours to Success

Flying embers and creeping ground fires are significant contributors to the loss of the majority of homes to wildfires.

Listed below some are some things you can do to greatly help your home's survivability during a wildfire threat. These tasks can be accomplished in a relatively short period of time (24 hours or less) with very little, if any, cost to the homeowner.

- 1 Remove needles and leaves from your home's roof and rain gutters. These can ignite easily and quickly spread fire to your home.
- 2 Rake and remove flammable debris (dead grass, pine or fir needles, etc) from around your home and out buildings. Pile this material at least 30 feet away from your home.
- 3 Remove flammable materials from around wooden decks or walkways. Fire has been known to slowly burn the length of a deck or porch to ignite a home.
- 4 Move all firewood at least 30 feet away from your home. Woodpiles can cause a very intense fire.
- 5 If you have a wooden fence attached to your house, remove the sections connected to the house to reduce the risk of the fence acting as a wick and bringing fire to your house.
- 6 Move flammable deck furniture a safe distance away from your house (30 feet).
- 7 Cover all vents (roof or foundation) with a fine mesh screen (1/8th inch or less) to prevent sparks or embers from being blown in or under your home.
- 8 Remove flammable materials from around any propane, oil or fuel tanks.

In The Event Of An Evacuation

In addition to the tasks listed above, you should also try the following:

- 1 Place a sprinkler on your roof, but do not turn it on until the fire's arrival is imminent. This will help conserve water for use by the fire department.
- 2 Connect hoses to all spigots. This will assist firefighters when they arrive.
- 3 Close all windows and shutters. Remove flammable curtains.

These small tasks can greatly increase the chance of your home surviving when a wildfire threatens. Please take the time — **MAKE THE DIFFERENCE!**

Baseball News

Perfect Weather! Great Games! And "Good Food" What else would you want for the 4th of July ballgames. Paul and his gang burning dog's on the grill, full meal deal only \$2.50 can't beat that. "I ate 2 myself".

Robert for the East and myself for the West were coaches for the game, (missed you Milt see you Labor Game Day.) Bill called balls and strikes along with "Home Runs". Thanks Bill for your help. Again many thanks to all who helped get the field ready, Mike, Ed, Steve and Bill, your help is always appreciated. Jack thanks for keeping the grass cut short, the field is looking good.

Well let's talk about the game! The West took the field first and Richard faced some tough hitters. The West was down 3 runs right off the get-go. The East had some great fielders out in the outfield and most noticed was Austin Cooney. He robbed the West of a sure homerun. He parked under that towering fly ball and without moving he brought the ball right into his glove. Applause from everyone, what a catch!

Everyone had a great time, tough plays at home plate, everyone playing hard, adults wanting their youth back and kids wanting to play like their favorite major league team. The crowd loved it and both teams played hard.

Note: The West is playing hard and it looks like we need some practice on base running – two base runners on the same base! Can't have that. The West coaches are going to have to step it up. The East has a record of 5 straight wins (Robert told me that he is building a trophy case, looks like he plans on keeping the trophy a long time.)

The kids game was a turn around for the West, Bert coached for the East and Heidi coached for the West. Chris called balls and strikes and helped the little ones to face the pitcher. Great job Chris! Both teams played hard and with great exuberance.

The final scores: Adults – West 3, East 8
 Kids – West 10, East 5

Labor Day Weekend - remember to come early, get your food and stay for the games. It's always a fun day at the old ball field. Dallas Amidon, Baseball Chairman

Yellow Pages Update

Only updated information will be in the new Yellow Pages. Please include any off island businesses you have used and found reliable.

Name your talent, name, and phone number. If you wish to include a business license number, or simply licensed, bonded and insured, please do so.

New information should be sent to HMC Management office at:
PO box 119, Lakebay, WA 98349

If you wish to keep the information the same, please call me, Carole Crowley at 253.884.5288
