

# Island Manager Report

## August 10, 2019

### Administration:

- Ford Explorer filming wrapped up and went very well. The film crew was very seasoned and great to work with around the island. The info ad filming went on over five days with Herron Island being the first day, they went on to film at Mt. Baker, Snoqualmie and downtown Seattle. The family in the ad is one that works for Ford, the husband is an engineer on the Explorer assembly line in Canada and speaks throughout the piece about the vehicles features and functionality.  
I was told by the producer that the info ad is intended strictly for an online audience and for serious Ford Explorer buyers. It will be on YouTube at some point in the Fall but will not be on television. It is for the 2020 Ford Explorer Platinum Edition.
